Artist Bio | Stormie Burns is a ceramic and glass artist utilizing the processes of mold making and casting. Originally from central Florida, Stormie moved to Western North Carolina in 2015 to work as a ceramic assistant for artists Jason Burnett and David Eichelberger, and from 2017 through 2019 participated in Penland School's Core Fellowship program. She has also participated in an artist residency at Haystack School of Craft and the short-term Winter Residency at Penland School. Stormie originally began her independent studio practice while living in Asheville, NC, before returning to the Penland area to establish herself as a full-time studio artist.

Technical Information | Colored slip-cast porcelain vessels with various glazes
