Artist Bio | Graeme Priddle has been a woodworker for over 25 years and is widely known for turned and carved sculptural work. Many of his sculptures reflect the life and environment of his home country, New Zealand. His work has received numerous awards and has been exhibited worldwide.

Priddle is very active in the woodturning world. He served on the committee of the New Zealand National Association of Woodturners for five years and was instrumental in establishing CollaborationNZ, a biennial week-long art event based in Whangārei Heads, New Zealand.
