Cut, glue, emboss, embed, scrape, mold, scratch, and paint “junk” to turn it into exciting new creations. We’ll use many materials to make dolls, puppets, masks, costumes, puzzles, boxes, and other curious things. Artist George Bennett will pop in to provide additional inspiration. Bring your thinking cap to become a master of your own imagination!

True has served as a certified art instructor in the North Carolina schools. She has served as a teacher and workshop leader since 1956 and is presently an Artist-in-Residence in the Mountain Arts Program.

Ages 6–9

**Tuition and materials: \$240
(two week camp)**

Join us for two weeks of creating with clay and papier mâché. Become your own fantastic creature through mask making and crafting handmade vessels to use at home. The first week we’ll create bowls and masks from clay. We’ll fire everything and use the forms to create papier mâché masks the second week. Then we’ll celebrate with masks and costumes and enjoy eating out of handmade bowls!

Anna teaches at Spruce Pine Montessori School. She has shared her love of arts and crafts with children in camps and classes for many years.

MINIATURE MARVELS

June 22–26, 9:00 AM–noon

Ages 6–8

Tuition and materials: \$130

Use the power of creativity to design magical miniature dioramas! We’ll learn about different shapes and building materials for unique houses. We’ll each make an individual design to build out of up-cycled and natural materials, and get crafty with paint, sewing, and modeling. Then we’ll collaborate to combine our creations into a community, connecting them with paths, shops, and gardens to create a miniature village. Each camper will take their own creations home.

Selma is a licensed elementary teacher currently teaching 1st and 2nd grade at Odyssey Community School in Asheville where she designed an integral arts unit that incorporates history, culture, personal exploration and art.

Nature is a magical backdrop for imagination. We’ll spend our time wandering in the woods and using flowers, mushrooms, downed branches, rippling water and more as our inspiration for writing, drawing, and photography. Draw or illustrate a story, try your hand at poetry, or simply journal about what you see. Set your muse free and follow where it leads!

Sue is a freelance writer and nature photographer who has written for publications such as the New York Times and Southern Living and self-published two books. She enjoys working with Kids Camp and Subs with SuitCASEs.

We'll also engage in collaborative free play to create a few unique monoprints to hang up at home.

April is an artist, educator, and youth soccer coach. She teaches full-time at Appalachian State University and has taught printmaking nationally and internationally for 17 years.

TEEN CAMPS

For 2020, we've created a series of camps especially for teens. The new camps are full-day, have a focus on skill building, and will be held in the Flex Studio on Penland's main campus.

Participants may either bring lunch or purchase box lunches in advance from the Penland Coffee House. Lunch for the week is \$60 and includes your choice of sandwich each day (Turkey, Egg Salad, Curry Chicken Salad, Hummus, or PBJ), plus chips and a cookie. Campers will be required to remain with the group at all times. The only way to purchase lunch from the Coffee Shop will be to sign up for box lunches in advance.

We'll experiment with local materials and create pieces using hand-building techniques such as coiling, slab building, and pinching. Together we'll learn about traditional firing methods by preparing a pit that we'll use for finishing our work. The class will conclude with a reveal of our ceramics pieces, and we will see what the fire has in store for us!

Anne Beyer is an adjunct instructor at the Paducah School of Art and Design and specializes in wood firing. She has taught Kids Camp at the John C. Campbell Folk School and at Penland.

This will be a week of designing and building. You'll create sketches and scale drawings of your own piece of furniture and learn how to properly and safely use basic hand and power tools. Our pieces will come together at the end with a finishing touch of paint to bring each student's voice into their artwork. We'll cover basic joinery and the characteristics of wood throughout the week.
